THURSDAY EVENING, OCT. 1, 1903.

LOCAL NEWS.

Sun rises tomorrow at 6:54 a. m. and sets at 5:47 p. m. High water at 4:14 a. m. and 4:59 p. m.

WEATHER PROBABILITIES.—For this section increasing cloudiness tonight, Friday rain and cooler, light to fresh southwesterly winds, becoming northwesterly.

Killed by a Locomotive.

A light locomotive, No. 941, of the Southern Railway, in charge of Engineer Carey Crump, struck and killed an unknown man at Four-mile run about a quarter past eight o'clock this morning. From all that can be learned, the killing was purely accidental. The unfortunate man was walking on the northbound track when a Chesapeake and Ohio train on its way to Washington hove in sight. The engineer sounded his whistle as a warning, when the stranger stepped from the northbound to the southbound track in front of the light engine on its way to this city. The stranger was struck, knocked some distance and killed instantly. A terrible wound was sustained on the head, as well as internal injuries. The body was picked up by some parties who witnessed the accident and laid by the side of the track, after which Currier, Birrell, of the county, was notified. The evidence was substantially as given above, and he deemed an inquest unnecessary. The remains were brought to Mr. B. Wheatley's undertaking establishment in this city where they will remain until tomorrow, when, if nobody claims them, they will be interred in the county. The dead man appeared to have been between forty and fifty years of age.

(Since the above was in type a search of the body of the man was made when it was ascertained that James Lake was the name of the unfortunate, and that he came from Atlantic City. A card in one of his pockets showed he was a member of Lodge 277, Brotherhood of Painters, Decorators and Paperhangers of that place. A telegram was sent to Atlantic City, but no answer has been received.)

Day of Atonement.

Services in connection with the Jewish Day of Atonement began at 7:30 o'clock last night in the Synagogue on Washington street. Nearly all the Hebrews in the city were present, together with others who are not of the house of Israel. Rabbi Rauch, who conducted the New Year services, officiated. He recited the ritual and made the invocations in an impressive manner, and the congregation entered into the devotion with spirit. Rabbi Rauch subsequently delivered a sermon which was listened to with close attention by all present. The speaker selected no special text, but took for his theme "Repentance, prayer and charity," and handled it in an admirable manner. He spoke about twenty minutes, during which time he referred to interesting chapters in Jewish history and brought vividly before his audience the duties of all Jews and Gentiles alike. The discourse was broad and conservative and appealed to all his hearers. Among other things the rabbi said we must give and take in this world. The Jew, wherever his lot has been cast during the last nineteen hundred years, has under favorable conditions assimilated in a measure with the people among whom he dwelt. The descendant of Abraham, for instance has taken the ideas of the Sunday school from Christians, while the latter have received the truths they teach from the Jews.

Police Court.

[Mayor G. L. Simpson presiding.] The following cases were disposed of this morning: Victoria Lee, colored, arrested by Officer H. Nelson and Lyles, charged with assaulting Ellen Lee, colored, was fined \$5. Charles Jackson, colored, charged with assaulting Victoria Lee, was fined \$5. A man who was charged with removing brass valves from a tugboat and selling the same, was fined \$25. Rose Hawkins, colored, arrested by Officer Sherwood charged with assaulting Sophia McFarland, forfeited \$10 collateral by failing to appear. Two property-owners on Prince street were cited to appear and show cause why they should not be fined for maintaining nuisances on their premises.

Plaintiff Awarded \$800.

The Circuit Court for the city continued its session until a late hour last night. The case which occupied the attention of the court was that of George A. Dunn, infant, by his next friend, Martin Dunn, against the Washington, Alexandria and Mount Vernon Railway Company, a suit for \$10,000 damages for personal injury inflicted upon the plaintiff at New Alexandria some time ago. The jury returned a verdict at 11 o'clock, awarding the plaintiff \$800. The counsel for defendants noted an appeal, but it is not believed that the case will be taken any further. The plaintiff was represented by Messrs. Edmund Burke and Charles Bendheim, and the defendants by Messrs. R. W. Moore and C. C. Carlin. There was a large crowd in the court room to hear the argument in the case.

The Alexandria Shoe Factory.

The proprietors of the Alexandria Shoe Factory at the southeast corner of Prince and Fairfax streets are at present taking to their utmost capacity in filling orders which have been coming in freely of late. An order from Richmond for fifty cases of the shoes made at the plant has just been received together with another from Baltimore for two hundred pairs. Requisitions on the factory from the drummers who are introducing Alexandria made shoes wherever they go are constantly coming in. Those operating the factory say they will be compelled to increase their facilities as soon as possible. The plant is now running night and day in order to meet the requirements upon it. With some new machinery the factory will soon be in a position to turn out four hundred pairs of shoes daily.

Golf Notes.

The annual meeting of the Alexandria Golf Club will be held at Peabody Hall on Monday next. Mr. Wm. Watson, golf expert, will be in the city on October 12, and will remain for two weeks to superintend the improvement of the links and to give instructions in the game &c. At a meeting of the executive committee of the club held today several members were elected.

Virginia Board of Trade.

The executive committee of the Virginia Board of Trade met at the Business Men's League rooms in this city at half-past twelve o'clock today. Among those present were: Chairman C. W. Priddy, of Norfolk; Secretary R. A. Dunlop, of Richmond; Mr. W. E. Barrett, of Newport News; Mr. J. M. Hurt, of Blackstone; J. B. Pinner, of Suffolk, and Mr. M. B. Harlow, of this city. The object of the board is to bring the business men of the city into closer relation and to enhance the commercial interests of the State. At the meeting of the executive committee this evening a number of matters were discussed, the chief of which was the Angell bill which is designed for the protection of shippers. Some railroads are averse to the provisions of the bill, while the committee desire them to be enforced. While the visitors were here they were escorted to various points of interest in the city by Mr. Harlow, vice president of the association, and later dined at the new Hotel Rammel, where they had registered.

Opera House.

There is always room at the top for a good, clean, well constructed drama, one of the kind with ample heart interest, and having that homely and domestic tinge so dear to the hearts of the frequenter of the playhouse. Plays of this kind live longest, and enjoy the greatest popularity. Almost all of the recent successes have been plays taken from popular novels, but it must be a book that contains what the public wants. Such a one is Charles Garvice's "A Life's Mistake." It has this year been put into play form, and will be seen at the Opera House tonight, interpreted by a most competent cast, and staged in an effective manner.

New Electric Railway Projected.

Bids have been solicited for grading a portion of the roadway of the proposed new electric railway to be built from the Aqueduct bridge, at Georgetown, to the Great Falls of the Potomac river. The railway is to follow the Virginia banks of the river. Senator Elkins, of West Virginia, and Mr. John R. McLean, of Washington, are behind the enterprise, which is said to be splendidly financed. It is understood that a bill will be presented during the coming session of Congress giving the company the right of way across the city to the proposed new union railway station, on Massachusetts avenue northeast.

Meetings.

A meeting of the stockholders of the Harris and Schaffer Company was held at the office of the company, 123 south Royal street, yesterday, for the election of officers.

The annual meeting of the stockholders of the M. A. Winter Company was held today at the office of the company, 111 south Fairfax street, for the purpose of electing officers and the transaction of other business.

Charter.

A charter was granted by the State corporation commission yesterday to the Serum Manufacturing Company, of Alexandria. Capital, \$100,000. The object is to engage in the manufacture and sale of patent medicines. The officers are: Allen M. Yarbrough, president, New York; James R. Pitts, treasurer, Philadelphia; Henry F. Woodward, secretary, Washington.

Found Dead.

Loveland Brown, colored, was found dead in bed at his home in New Alexandria this morning. The deceased had recently been ailing and yesterday was expectorating blood. Brown, it will be remembered, served a term in the penitentiary for shooting and killing his son with whom he had had a difficulty.

Circuit Court for the City.

[Judge C. E. Nicol presiding.] J. M. Taylor was appointed guardian of George A. Dunn, an infant. Without transacting any other business of general interest, court adjourned for the term.

Advertising Science.

A professor of psychology has recognized the importance of advertising as a modern business necessity and has attempted to draw from the science of mind certain rules for writing advertisements. However, the merchant who knows all about his store and his goods can himself knock off a winning advertisement which a professional writer could not equal. The successful merchant keeps an eye on the advertising matter.—[Philadelphia Record.]

Only a Very Few Published.

It is not possible for the proprietors to publish more than a few of the numerous letters received in praise of Chamberlain's Colic, Cholera, and Diarrhoea Remedy and telling of its remarkable cures. They come from people in every walk in life and from every state in the Union. The following from Mr. T. W. Greathouse, of Prattburg, Ga., speaks for itself: "I would have been dead now but for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me of chronic diarrhoea after several years of suffering. I can never say too much in praise of that remedy." For sale by Richard Gibson.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwall, Conn.

A Perfect Painless Pill

The famous little pills for doing such work pleasantly and effectually are DeWitt's Little Early Riders. Bob Moore of Lafayette, Ind., says: "All other pills I have used gripe and sicken, while DeWitt's Little Early Riders are simply perfect." Sold by all druggists.

THE DANVILLE DISASTER.—After being in session three days, the coroner's jury in Danville yesterday afternoon returned a verdict in the case of Conductor James T. Blair and others, who were killed in the railway disaster there Sunday. The verdict was that Blair and others came to their deaths by being caught under the train that was wrecked, and that the wreck was caused by the excessive speed of the train in rounding a sharp curve at the entrance to the trestle from which the wild leap was made.

The Chicago-New York automobile run was completed shortly after 9 o'clock this morning when Harry Sandol and Bert Holcomb arrived in New York. The distance had been covered in 78 hours ahead of the previous record.
